Mr. Fred Catel  
2944 N. Murray Ave.  
Milwaukee, Wisconsin

Dear Fred:

Many Thanks for your nice letter of March 26.

Your QSO Party certainly sounds good, especially the "absence of speakers". Everybody shall certainly have a great time and I would give a lot if I could come out with some of the gang. However the heavy pressure of business right at present makes this virtually impossible. By the way you certainly picked out a hotel with a good name for a Ham banquet. Hi!

Rather than ship you a bunch of obsolete junk which we can't use to be distributed as prizes or some new equipment which some poor fellow may win and then can't use, we are sending two credit slips in the amount of \$2.50 each. These are to be given as prizes in any event which you may see fit and will be honored at the Shack at any time from now until we go out of business. Although these credit slips don't make as good a showing on the prize stand as a lot of other merchandise, it gives a fellow an opportunity to procure exactly what he wants. We believe this is by far the most satisfactory method of giving the boys what they want.

We are also shipping you under separate cover 50 of our Ham Sheets and would appreciate it a great deal if you will see that these are distributed at the banquet. Thanks a lot for giving us the opportunity to be of assistance to you at this get-together. We have had some very fine business from the gang in your territory and don't fail to

**What have you for Sale or Trade?****RADIO PIONEERS****24 Hour Service.**
